

Putting America to Work

VETERANS CAREER CAMP

From Deployment to Employment was developed as a supplement to the 28 Days to Employment program to assist active military personnel returning from deployment and transitioning to civilian life find a career, not just a job. This program defines the skills and abilities they developed in the military, incorporating them with the skills and abilities they developed prior to military service and leads them to a civilian career. This program has a 100% hire rate and a 98% retention rate for Veterans, of those who complete and follow the program.

28 DAYS TO EMPLOYMENT

This is an easy to follow process that will market your skills and abilities and open the door to your next career. Unlike other programs, 28 Days to Employment shares the secrets you need to sell yourself to an employer. It takes more than a cookie-cutter resume, a few references and a work history. By following the step-by-step instructions, learn how to say what employers want to hear and find the career you want. This program has been described by academia as “the 21st Century Academic Workforce Development Program,” with a 97% hire rate and a 98% retention rate, of those who complete and follow the program.

FUTURE ASSETS OF AMERICA

This program works with high school and college students helping them find their true talents to find employment and determine their college major for their future career. Our pilot program had a 100% hire rate and a 95% retention rate, of those who complete and follow the program.

FROM CORRECTIONS TO NEW DIRECTIONS

Rather than release from prison to stand alone, this program guides convicted felons into a career. This program has a 100% hire rate with a 90% retention rate, of those who complete and follow the program.

MOV'IN ON UP

Helping the homeless, preventing homelessness and making welfare to work really work and it turns those that rely on tax dollars to go from tax takers to tax payers. This program has a 94% hire rate with a 92% retention rate, of those who complete and follow the program.

GOLDEN YEARS ASSETS

Helping older workers from age 55 to 84 struggling to find employment, we show them their value and the ROI that an employer can benefit from. This program has a 98% hire rate with a 92% retention rate, of those who complete and follow the program.
